One Day Seminar on

SWACCH MUMBAI

MUNICIPAL SOLID WASTE AND SEWAGE MANAGEMENT

Organized by

ROTARY CLUB OF MUMBAI GREEN CITY
ROTARY CLUB OF BOMBAY WEST *and*
ROTARY CLUB OF MUMBAI NORTH END

DIST 3141

Knowledge Partner : Indian Environmental Association

ON 26th NOVEMBER, 2016 AT ROTARY SERVICE CENTRE, JUHU, MUMBAI

Dear friends,

Two years ago our Honourable Prime Minister, Shri Narendra Modi launched the mission for a clean India through **Swachh Bharat Abhiyan** carrying forward the vision of Mahatma Gandhi.

While many Projects have been in place all across India, we, at Rotary Clubs of Mumbai Green City, Bombay West and Mumbai North End have been inspired for a clean and hygienic Mumbai. When we look at any nook and corner of Mumbai, we see the city filled with Drains and Nalas carrying sewage, garbage strewn all around, smoking Municipal Solid Waste Dumps at Deonar etc.

Amongst the most neglected aspects of Swachh Mumbai are the Management of Sewage and Municipal Solid Waste. Although the Municipal Corporation should be nudged to get its act in order, we, the citizens of Mumbai should also participate actively in the effort to clean our city.

To achieve this participatory action, we felt it is time that awareness is created within the citizens, across the residential societies of Mumbai about cleanliness, waste management, water conservation etc to bring about a transformational change in their local areas.

As you all are aware, Rotary Clubs across the World select Projects like Eradication of Polio etc. and work with a missionary zeal for the solution of the problem. We, Rotarians in Mumbai, have been participating in numerous ways, particularly through constructing Toilet Blocks in Schools under Prime Minister's Swachh Bharat Abhiyan.

Recently a new initiative has been launched by installing Swachh Bharat Recycle Machines for Plastic Bottles at Churchgate Railway Station thanks to the combined effort of Rotary Club of Mumbai Bay View and the Wockhardt Foundation.

This project of installing Recycle Machines at Railway Stations will be carried out on a large scale involving clubs in our Rotary District.

Following the Road of Swachh Bharat Abhiyan, now Rotary Clubs of Mumbai Green City along with Rotary Clubs of Bombay West and Mumbai North End have embarked upon the holding of a one day Seminar on **Swachh Mumbai** focussing on **Solutions for Management of Sewage and Municipality Solid Waste.**

This Seminar will be held on the **26th of November 2016** at **Rotary Service Centre Juhu**. The First Information Bulletin (FIB) of the program of the Seminar is attached.

The Organisers request the presence of delegates of Bombay Municipal Corporation, Building Societies, ALMs, Real Estate Developers, and Corporate organisations engaged in providing Processes and Products for Swachh Bharat. A Registration Form is attached for delegates intending to attend. While delegates sponsored by Corporate Organisations are required to subscribe Rs2000/-per Delegate, delegates sponsored by Rotary Clubs, Building Societies, ALMs will be treated as invitees.

Corporate Organisations wishing to advertise their Products and Processes can do so by being a Sponsor or Advertiser in the Souvenir for which schedule of Payments have been mentioned in this Circular

Welcome to the Seminar on Swachh Mumbai.

Yours faithfully
D. P. Misra
