Waste to Resources

International Conference & Exhibition 2016

Jaipur, India

15th - 16th January 2016

Rajasthan State Pollution Control Board

Organising Partners

IL&FS Academy of Applied Development

Institutional Partners

Administrative Staff College of India

Malaviya National Institute of Technology

Supporting Partners

Increasing urbanisation and industrialization has led to a significant increase in the quantum of waste generation especially in the last two decades. New waste streams have emerged other than Municipal Solid Waste that include Construction and Demolition (C&D) waste; e-waste; plastic waste; industrial (hazardous and non-hazardous) waste; and health care (bio medical) waste etc. These waste streams are posing significant challenges for environmentally sound management including treatment and disposal.

The WASTE TO RESOURCES International Conference & Exhibition 2016 has been conceived to provide a platform to present and to discuss these critical issues. The conference is structured to address both solid waste and waste water streams covering strategic framework from enabling policy framework, technologies, institutional models and financing arrangements.

The WASTE TO RESOURCES International Conference & Exhibition 2016 is aimed at Waste Management Industry, Waste Management Experts, Technology providers, City Managers, Project Developers, Bankers and PE/VC Players.

The presenters will include National & International experts with knowledge & practice experience in the domain of policy, technology, finance & institutional capacity building with an explicit intent to provide WHAT, WHY & HOW through lively panel discussions with concrete outcomes.

The theme of the conference builds on the National mission under the **Swachh Bharat Mission** to facilitate **Rajasthan State's** endeavor.

The conference is being organised by the **Rajasthan Pollution Control Board (RPCB) & IL&FS Academy for Applied Development (IAAD)**

The Two Day Conference Features:

- ✓ Creating a Road map for Waste to Resource policy harmonization in the region.
- ✓ Establishing Common Resource Recovery Centre (CRRC) or Material Recovery Facilities (MRF).
- ✓ Promotion of Landfill Mining and Recovery (LFMR) for municipal bodies so as to arrest impacts on human and eco-systems through PPP model.
- ✓ Establishing a National Centre on Environment Technology, with the support of Government of Rajasthan, the Central Ministries and International partners like UNEP IETC.

The Conference is Relevant For:

- ✓ Solid Waste Management Technology Companies .
- ✓ Water & Waste Water Companies.
- ✓ Environment & Pollution Control Equipment Companies.
- ✓ Waste Sorting & Recycling Companies.
- ✓ W2R Facility Providers.
- ✓ W2R & W2E Plant Technologies and Operators.
- ✓ W2R Engineering Companies.
- ✓ Landfill Management Companies.
- ✓ Policy Makers and Regulators.
- ✓ State Pollution Control Boards.
- ✓ Development Finance Institutions.
- ✓ Commercial & Investment Banks.
- ✓ Venture Capital, Private Equity.
- ✓ Consulting Companies.
- ✓ Urban Local Bodies (ULBs).
- ✓ E-Governance and Smart Cities Solution Providers.

CONFERENCE AGENDA

DAY 1: FRIDAY 15TH JAN

9:00-10:00 - Registration

10:00-10:20 - Inauguration of Exhibition

10:20-11:00 - Inauguration of Conference & Plenary Session

11:00-11:30 - **Networking Break**

11:30-12:50 - Policy Frameworks for Promoting W2R Management
–International, National and State Perspectives

12:50-14:15 - **Networking Lunch.**

14:15-15:45 - Parallel Sessions on W2R Technologies - Various waste streams

Session I - Solid Waste		Session II – Waste Water		Session III – Special Waste Stream	
Urban	Industrial	Urban	Industrial	Urban	Industrial
MSW / Plastic & E-Waste	Hazardous & Non-Hazardous Waste	Sewerage	Hazardous & Non-Hazardous Effluents	C&D Waste	Mining/Marble Slurries & Effluents

15:45-16:15 - **Networking Break.**

16:15-17:15 - Common Resource Recovery Centres (CRRC)

17:15-18:15 - Material Recovery through Landfill Mining (LFMR)

18:15-19:15 - Emerging Business & Financing Models of W2R in PPP

DAY 2: SATURDAY 16TH JAN

10:00-11:30 - Centre of Excellence for Waste to Resources - India's Vision & Experience of UNEP IETC

11:30-12:00 - **Networking Break.**

12:00-13:30 - 3 R Evolution and IPLA - UNCRD

13:30-14:30 - **Networking Lunch.**

14:30-16:00 - Concluding (Plenary) Session - Release of "Jaipur Declaration" & Announcement of Asia Waste Management Outlook (AWMO) - UNEP

Closing & Networking

WASTE TO RESOURCES International Conference & Exhibition 2016

EXHIBITIONS:

An exhibition will be held concurrently with the conference. The exhibition will have both Indian and International Companies.

The WASTE TO RESOURCES International Conference & Exhibition 2016 provides an opportunity for technologies and service providers a platform to give an exposure to the attending delegates on some of the frontier and innovative technologies and equipments. It enables exhibitors to interact face-to-face with many of the Waste to Resources sector most influential and informed people, for business development. Attracting an international, senior level audience, representing both established and emerging markets, The WASTE TO RESOURCES International Conference & Exhibition 2016 provides a unique opportunity for high-level networking and the development of serious business contacts.

Representatives from waste management, energy generation, finance, investment, engineering, project and technology development, planning and advisory, central and local government gather to exchange information, network and discuss business development.

EXHIBITOR PROFILE:

Water & Waste Water

Water Supply Treatment & Management
Water Conservation & Rain Water Harvesting
Waste-water Management & Recycling
Desalination,
Distillation
Water Consultancy,
Filtration Systems
Effluent Treatment
Pumps, Valves, Compressors & Fittings

Environment & Pollution Control

Renewable and Alternative Energy
Carbon Credits
Eco-tourism
Environmental Education
NGOs for Environmental Protection
Eco-friendly Transport Vehicles

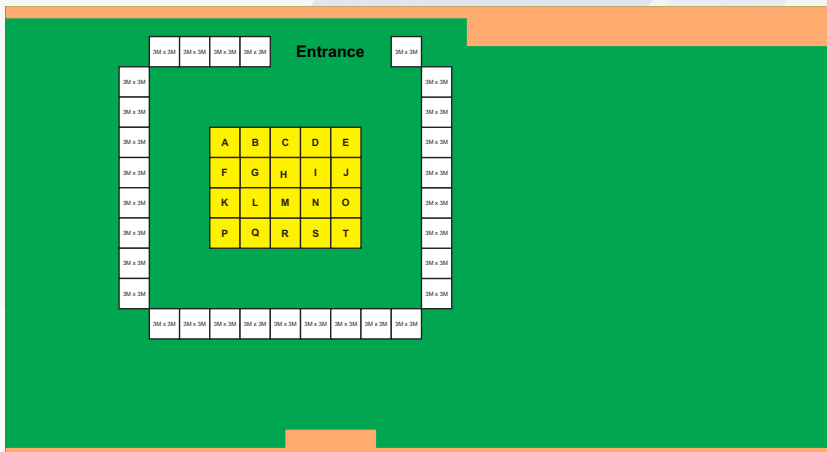

Solid Waste Management & Recycling

Waste Recycling,
Waste-to-Energy
Plastic-to-fuel /Bio-fuels / Alternative Fuels
Bio-methanation
Composting,
Incineration/Combustion
Fly Ash and Slurry Recycling
Landfill Management
e-Waste Management & Consultancy

Urban Infrastructure Development

Infrastructure Development for Airports, SEZs,
Business & Industrial Parks
Public Amenities
Financial Institutions, Development and Funding Agencies

EXHIBITION FLOOR PLAN

PARTICIPATION COST

Exhibition:

Indian Exhibitor:
Standard Shell Scheme - INR 9500 per sqm
Bare Space - INR 8500 per sqm

International Exhibitors:

Standard Shell Scheme - USD 200 per sqm
EURO 170 per sqm
Bare Space - USD 170 per sqm
EURO 150 per sqm

Conference:

Indian Delegates- INR 7500 per person
International Delegates- USD 200 per person
EURO 170 per person

*Taxes as applicable
